

# Expand your financial knowledge today!

At **Allegiance Bank**, we are committed to helping you pave a path toward a secure financial future. And that begins with a solid understanding of **key financial concepts**, such as savings, investing, mortgages, overdraft, credit cards, credit scores, financing higher education, and much more.

Allegiance Bank is giving everyone access to an online money management program that explains these critical concepts in a series of **10-minute, interactive segments**. There are even helpful quizzes to demonstrate your newly acquired knowledge!

After completing the program, you'll have learned about mortgages, overdraft fees, credit scores and reports, payment types and credit cards, insurances and taxes, identity protection, and much more!

Access this free, online educational tool in the comfort of your own home.

With each 10-minute segment that you complete, you'll be on your way to increasing your financial savvy and taking control of your future.
